

PLANET
FUTURE

FOUNDATION

We must protect the most sensitive parts of our planet, especially from climate change!

PLANET
FUTURE

FOUNDATION

The Planet Future Foundation has been created with four very distinct goals in mind:

Awareness

Create awareness of the impact that the climate crisis is having around the world and how important is to protect the most sensitive regions of the planet mentioned below.

GREENLAND, THE ARCTIC & ANTARCTICA

THE AMAZON & RAINFORESTS

REGIONS IN DANGER OF FLOOD OR DROUGHT

MARINE ENVIRONMENT & CORAL REEFS

Solutions

Demonstrate solutions and strategies being implemented to mitigate and adapt to the climate crisis by various industries, governments, NGOs, businesses, academic institutions, and individuals.

Education

Provide education to the above mentioned institutions to be more sustainable and what can be done to protect the environment and our planet

Call to Action

Encourage individuals to act immediately by taking action but in choosing the most effective leaders and demanding from their governments comprehensive environmental policies.

Planet Future Documentaries

Expeditions & Trips

Planet Future Documentaries

To create awareness of the impact that the climate crisis is having around the world and how important is to protect the most sensitive regions of the planet, Pancho Campo and his team will travel to record the Planet Future Documentaries which will be broadcast through our YouTube channel and the web of the Foundation.

Content

Each documentary will show footage of the impacts of climate change in each region, sustainability initiatives and biodiversity, as well interviews with local experts. It also will include tourism, traditions, culture, activities and food.

Resources

Pancho Campo and his team will record all the footage using only his Iphone, a GoPros and a drone. To show the audience how easy can be to try to make a difference.

Funding

All the expeditions, trips and documentaries are non-profit initiatives for which we are trying to raise funds through sponsors and donations. We also seek the support of local governments, tourism promotion boards and other organizations,

2022 Expeditions & Trips
