PLANET FUTURE FOUNDATION

A 501(c)(3) foundation

TWO MISSIONS. ONE FUTURE.

Based in Miami, Florida, Planet Future Foundation is a 501(c)(3) organization focused on young people and the planet.

We connect education, awareness and environmental conservation.

OUR FUTURE GENERATIONS

Young people need safe spaces to learn and thrive. Through Zero Bullying, the foundation raises awareness of bullying and youth mental health.

PROTECTING THE PLANET

The foundation promotes care for our environment and awareness of the risks facing fragile places, from oceans and reefs to ice and mountain landscapes.

PLANET FUTURE EXPEDITIONS & CHALLENGES

Field experiences become documentary footage and talks

that open conversations about fear, youth mental health, bullying and care for the environment.

FUNDING GOAL

USD 300,000

Three connected priorities

01 EXPEDITIONS

Everest, Antarctica and future journeys: travel, logistics, specialist equipment and qualified field teams.

02 DOCUMENTARIES

Expedition filming, camera and sound crews, editing, post-production and distribution.

03 INTERNATIONAL TALKS

Pancho Campo's experience brought to audiences in different countries to discuss youth wellbeing, bullying and the planet.

PLANET FUTURE SPEECHES

Turning expedition experiences into conversations that matter.

Our annual speaking tours bring first-hand experiences and expedition footage to businesses, professional associations, schools and universities. The talks raise awareness of environmental protection, facing fear, managing stress, combating bullying and promoting mental health.

01

FACING FEAR & BUILDING AWARENESS

Extreme adventures provide the starting point for conversations about fear, stress, bullying and mental health.

Examples of past presentations

02

PROTECTING OUR PLANET

Expedition stories highlight the importance of environmental protection and taking action on climate change.
