Planet Future Foundation

Youtube: Planet Future

The future of our planet depends on nurturing our youth and safeguarding the environment.

PLANET
FUTURE

FOUNDATION

We need to safeguard our environment from the effects of human activities and climate change.

The future of our society rests in the hands of the younger generation.

Numerous areas face the threat of drought, heatwaves, wildfires, and flooding.

Fear, anxiety, and bullying have become a major concern.

The Planet Future Foundation was established with two distinct objectives that are essential for the future of our planet and society. On one hand, it aims to raise awareness about the significance of environmental conservation.

On the other hand, it strives to empower future generations and safeguard their mental health.

Our Future Generations

Empowering our youth is crucial for the future of our planet. To achieve this, we must prioritize their mental health, especially during times when ADHD, anxiety, fear, stress, and bullying have emerged as significant issues for young people.

Protecting the Environment

Our society needs to recognize that the Earth's resources are nearing extinction, and we must transition towards a more sustainable economy. Additionally, prioritizing environmental protection should be at the forefront for corporations, governments, and individuals alike.

Planet Future Documentaries

Expeditions & Trips

Planet Future Documentaries

Pancho Campo and his team set out on thrilling adventures and expeditions to create the Planet Future Documentaries. These films focus on extreme sports and adventures, teaching viewers how to face their fears and handle stress. Moreover, since these activities occur in delicate areas of the planet, they also raise awareness about the vital need for environmental protection.

Youtube: Planet Future

Content

Each documentary showcases footage of training and preparations for activities such as skydiving, HALO jumps, scuba diving, ice diving, and other extreme sports. It emphasizes Pancho's approach to preparing for these challenges and how he manages fear in difficult situations. Additionally, the expeditions feature stunning visuals of the remarkable natural environments where these adventures unfold.

Funding

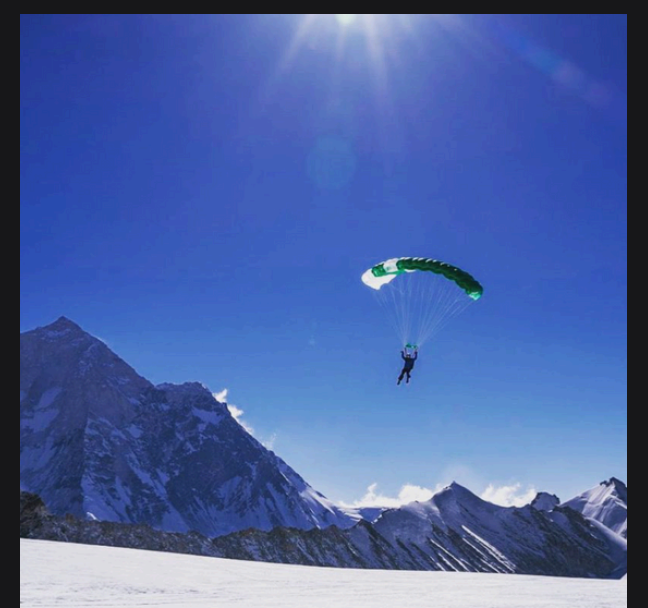

All of our expeditions, trips, and documentaries are undertaken as non-profit initiatives, and we are actively pursuing funding through sponsorships and donations. Moreover, we seek to garner support from local governments, tourism promotion boards, and a variety of organizations.

2024 - 2025 Expediciones

Below are listed some of the expeditions and trips already conducted and scheduled for 2022.

Greenland

Antarctica

HALO Jump

Everest

Riviera Maya

Iceland

Pancho Campo

President - Planet Future Foundation

Pancho Campo has partnered and collaborated with a variety of world leaders, sports figures, artists, and celebrities who have also taken part in his events.

Tennis Pro & Olympian

A former tennis professional in the ATP, he served as the Olympic Captain during the 1992 Barcelona Games and was also a Davis Cup Coach.

Entrepreneur

With an MBA in hand, he has served as the CEO of Chrand Events for more than 30 years, successfully organizing conferences, sports events, and concerts across 20 countries.

Explorer & Adventurer

Pancho has journeyed across the globe, examining the effects of the climate crisis, and has taken part in explorations and adventures in Greenland, the Arctic, Africa, the Caribbean, and coral reefs, among other locations. Notably, he became the first Spanish civilian to skydive from an altitude of 25,000 feet.

Speaker

Pancho is an incredibly charismatic and engaging presenter who covers topics such as overcoming fear, managing stress, addressing the climate crisis, and event management. Additionally, he is a passionate and inspiring motivational speaker.

Planet Future Speeches

Planet Future Speeches

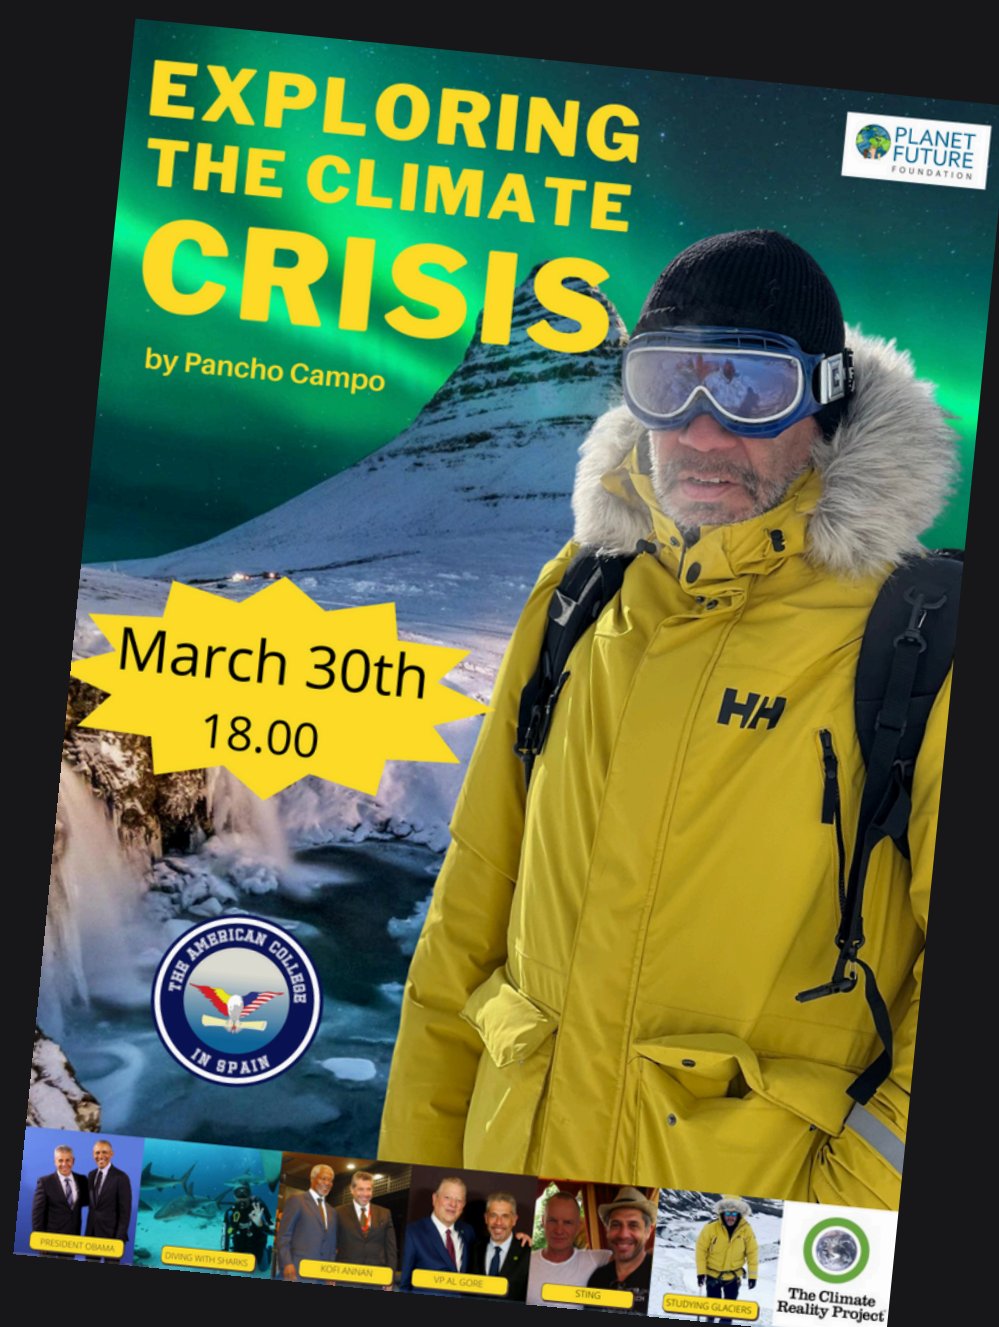

Además de crear documentales, cada año realizamos giras de conferencias enfocadas en empresas, asociaciones profesionales, colegios y universidades. Nuestro objetivo es generar conciencia sobre la importancia de manejar el estrés, combatir el acoso escolar y fomentar la salud mental.

Planet Future Speeches

Planet Future Speeches

In addition to organizing expeditions and adventures and creating documentaries, we also arrange annual speaking tours aimed at businesses, professional associations, schools, and universities. Our mission is to raise awareness about the significance of facing fears, managing stress, combating bullying, and advocating for mental health.

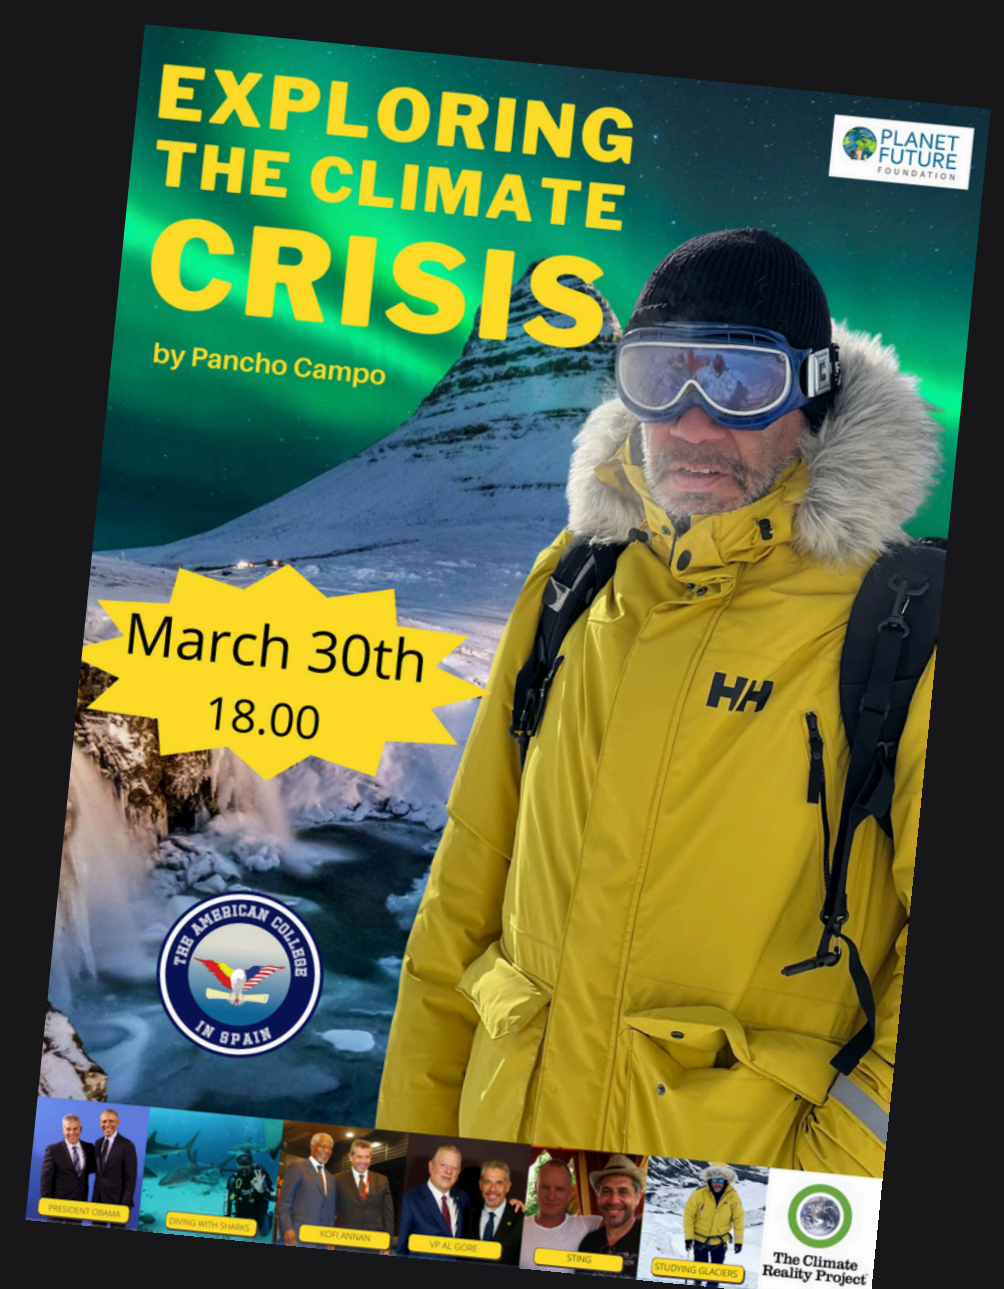

Planet Future Speeches

Planet Future Speeches

In addition to organizing expeditions and adventures and creating documentaries, we also arrange annual speaking tours aimed at businesses, professional associations, schools, and universities. Our mission is to raise awareness about the significance of facing fears, managing stress, combating bullying, and advocating for mental health.

We typically offer two types of presentations:

- A talk highlighting our extreme adventures, aimed at raising awareness about managing stress, combating bullying, and promoting mental health.
- A presentation centered around our expeditions, designed to emphasize the significance of environmental protection and taking action against climate change.
